To check how much battery power is available, press the power button on the front of the case. Lights will illuminate accordingly to show battery percentage.

**** 76-100%
*** 51-75%
** 26-50%
* ≤25%

Installation
1. Bend back the top of Presidio POWER battery case.
2. Slide in your iPhone 7, ensuring the Lightning connector is securely connected to the phone.
3. Fold the top of the case over iPhone and press phone into the case.
How To Use

- **To activate the battery**: Hold the power button until LED lights turn on (about 2 seconds).
- **To turn off the battery**: Hold the power button until LED lights turn off (about 2 seconds).
- **To check battery status**: Press power button to check current battery charge.
- **To recharge the battery**: Connect case to a computer with included charging cable. Phone and battery may also be charged with charging cable and USB wall adapter (not included).
- **To listen to audio with this case**: Please use Bluetooth headphones.

**WARNING**

Read all instructions and warnings prior to using this Presidio POWER battery case. Improper or unintended use may result in injury to yourself or damage to your Presidio POWER battery case and/or your iPhone. Speck is not liable for any injury or damage caused by improper or unintended use of this product.

Store Presidio POWER battery case in a cool, dry place when not in use. Avoid exposing the case to moisture, high temperatures, intense direct sunlight, open flames, or corrosive materials at all times. Do not submerge Presidio POWER in any liquid.

Do not disassemble this device or attempt to modify, open, short circuit, repair, or replace any part of the Presidio POWER battery case. Doing so may result in injury to yourself or damage to your Presidio POWER battery case.

Any changes or modification of this device could void the warranty.

Inspect the case carefully before each use, especially after any drop or bump, to check for signs of damage. If the Presidio POWER case becomes damaged from dents, battery punctures, or tears, begins swelling, overheating or leaking, or functions abnormally, immediately discontinue use and contact Speck. Avoid all contact with leaking battery contents.

Presidio POWER is designed to be charged and used many times. Use the included micro-USB cable to recharge the case. Never use a modified or damaged charging cable. The battery may be warm while charging. Do not attempt to charge this device using any method, apparatus, or connection other than the device’s micro-USB cable.

Do not attempt to replace any part of this device.

Recycle or dispose of the Presidio POWER battery case in accordance with applicable federal, state, and local laws and regulations. Never dispose of batteries in trash or fire.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced technician for help.

**CAUTION:** To comply with the limits of the Class B digital device, pursuant to Part 15 of the FCC Rules, this device must be used with certified peripherals and shielded cables. All peripherals must be shielded and grounded. Operation with non-certified peripherals or non-shielded cables may result in interference to radio or reception.
If this device is intended by Purchaser to be used by a minor, purchasing adult agrees to provide detailed instructions and warnings to any minor prior to use. Failure to do so is the sole responsibility of Purchaser, who agrees to indemnify Manufacturer for any unintended use/misuse by a minor.

Presidio POWER is backed by Speck's Limited One-Year Warranty.

**Exclusions & Limitations**
Except for the limited warranty expressly set forth at speckproducts.com/warranty or to the extent restricted or prohibited by applicable law, Speck expressly disclaims any and all other warranties expressed or implied, including any warranty of quality, merchantability, or fitness for a particular purpose, and you specifically agree that Speck shall not be liable for any special, incidental, indirect, punitive, or consequential damages for breach of any warranty of any type on any Speck product. In addition to and without limiting the generality of the foregoing disclaimers, the limited warranty does not, under any circumstances, cover the replacement or cost of any electronic device or personal property inside or outside of the Speck product.
